O'FALLON, ILL.

## PEONIES

*Special Attention of Commercial Growers.*  
We offer the following 3 year old plants, grown from small, single eye divisions; hence an entire new root and crown system, free from all disease and old crown rot. In most instances, these can be planted as an entire plant; only a few of the larger ones being divided, thus there will be only the very minimum of division cutting, inviting future decay. This assures a long vigorous life and the maximum of production.

	per 10	per 100
Avalanche	\$5.00	\$40.00
Albert Crouese	4.50	40.00
Augustine d'Hour	4.50	40.00

Wash. to 202

Gentlemen

As requested in your recent communication I am enclosing a price list of the peony varieties we offer for sale.

By way of clarification I wish to state that we do not operate a nursery, as ordinarily done. We grow only commercial peonies and produce plants of commercial variety which we use in order to keep plants on hand, to time containers, plants from our own farm, and then we offer our surplus for sale to other growers. So the style sheet enclosed is our entire literature.

Sincerely,

Trippel & Barrow

E. Trippel
